

Dog Restaurant Week

Things to do  Various locations  Sunday August 18 2019 - Sunday August 25 2019

Time Out says

Restaurant Week has gone to the dogs, literally! Pet-friendly eateries are offering specials for people dining with their canine companions.

It can often be difficult to find an accommodating restaurant when you want to have a meal alongside your pup. Lots of places will let you, but they are often less than enthused. Petminded, a start-up aimed at helping people travel with their four-legged friends, has gathered dog-loving restaurants together for a week of deals and specials. If that's not enough to entice you to check it out, Petminded will also be collecting donations for **Foster Dogs Inc** and **Muddy Paws Rescue** throughout the event. Feel at home dining on the patio (those pesky NYC laws must still be followed so you'll still need to be dining al fresco) with Fido at one of the many spots listed here.
